In claim 1, line 19, after "pressure when said blow", the term "tube" was deleted and - - head- - was inserted.

In claim 1, line 20-21, after "pressure when said blow", the term "tube" was deleted and - - head- - was inserted.

In claim 1 line 17, after "head and the finish", -- of the parison- - was inserted.

Claim 2 was cancelled.

The following is an examiner's statement of reasons for allowance: the primary reason for allowance of the claims is the inclusion of a "means for supplying final blow air to the blow head at a first pressure when said blow head is at the first "on" position and at a second higher pressure when said blow head is at the second "on" position".
